TOP STORIES

Project SOFTEN at ISYDE 2024

At the Italian Symposium on Digital Education, dedicated to the theme "Lifelong Learning and Digital Education", we presented the abstract of the article "Soft Skills for Green Transition". In it, we highlighted the importance of integrating interpersonal skills into STEM curricula. For more information, see the full article.

LTTA Workshop in Kaunas

From July 9th to 11th, KTU in Lithuania hosted the LTTA workshop of the SOFTEN project. Participants explored different categories of soft skills and their role in the green transition. The workshop emphasized the importance of communication, adaptability and teamwork in promoting sustainability, inspiring a collective commitment to transition towards a green economy.
